## Teacher of Modern Languages Candidate Pack

February 2025

# Welcome

At Lomond School, we prepare our pupils for their future by ensuring that they learn the skills necessary to be successful in the 21st century whilst developing the traditional values and qualities that they require to be responsible and active global citizens.

Lomond School blends the old with the new seamlessly: a visit to Clarendon, which makes up part of our Junior School, is a clear example of this with its beautifully restored period features sitting comfortably alongside the latest in technology. In fact, the facilities at Lomond are enviable, with a purpose built sports complex, modern and homely boarding house and a 1-1 device programme for all pupils from Transitus 1 (Primary 6) to Senior 6.

We are situated in the leafy town of Helensburgh, nestled between the banks of the River Clyde and Loch Lomond. This enables us to make the most of our unique location, with a strong commitment to extra-curricular activities and a particular emphasis on Outdoor Education.

As with any independent school, we have an excellent track record of academic achievement, but that is only a part of what we offer. We believe that the purpose of education should be to develop the whole child; at Lomond we do this in a supportive and nurturing environment with small classes that allow each and every one of our pupils to be known and recognised as individuals. In turn, this allows us to deliver a personalised education that allows every Lomond pupil to work towards their full potential in our inspirational environment.

Our pupils are happy, confident and rightly proud of their achievements and their school. Lomond School offers the right candidate the opportunity to work in a wonderful environment with fantastic pupils and a great team of staff. If you would like to join our thriving Lomond School family, then we would love to hear from you.

# About Lomond School

Lomond School, is the only co-educational independent day and boarding school, in the West of Scotland for children aged 3 to 18 years old. With an individualised approach to learning, strong academic results, outstanding outdoor learning, and a wide and varied extra-curricular programme, our school delivers a perfectly balanced education tailored to every child.

Founded in 1977, established from the amalgamation of Larchfield Academy and St. Bride's School for Girls, both of which date back to the 19th Century, Lomond School holds on to many of the traditions from our founding schools, whilst remaining true to our motto, *Prospiciamus*, 'let us look forward'.

Our IB programme shapes our pupils into internationally minded, inquisitive and creative individuals. Our academic results are consistently well above the national average and the majority of our young people move beyond school onto university courses, with most receiving their first choice.

We believe passionately that education should be about supporting our pupils to develop and grow both academically and personally, as rounded individuals with strong values, who are ultimately prepared to embark confidently and successfully on their life beyond Lomond School.

“

At all stages of the school, children and young people are highly motivated and actively involved in their learning. They are respectful, hard-working and respond very well to the overall high-quality learning experiences.

# What is it like to work at Lomond?

Our commitment to you:

- Competitive salary
- Fee reduction for dependent children
- Pension Scheme
- Free onsite parking
- Free onsite Gym
- Greater involvement in curriculum development
- A hard-working and friendly staff team with a shared desire to be the best they can be
- A strong sense of community and close links with neighbouring schools
- The opportunity to get involved in clubs, activities and trips
- A chance to make a real difference in the lives of young learners

I have only ever taught in England so I was initially apprehensive about such a big move. My family and I moved from Oxford to Lomond aiming for a better quality of life and to readdress our work-life balance. We have not been disappointed. With so many outdoor pursuits available we have been spoilt for choice and the short train journey from Glasgow means we are not isolated either.

I have taught the IB for over 10 years and it is a curriculum that embodies values that resonate so deeply with me that I would now never consider teaching at a school that did not offer the programme. Lomond has fully embraced the IB and I love being a part of the journey.

The staff room is friendly and there are always happy conversations to be had in the dining hall. The pupils are polite and respectful, expressing their thanks regularly at the end of lessons.

Lomond has also given me the opportunity to step out of my comfort zone and expand my repertoire and I am pleased to have been given the chance to teach, and study, Chemistry. My passion for and belief in life-long learning is mirrored by the school and I am truly grateful for it.

Dr Louise Bowen, Teacher of Biology and Chemistry
